EMPOWERMENT RULES.

With its new clean design and R-Net electronics, there is no protesting the fact the C500 VS is the best seat in town. Perfect for both indoor and outdoor use, the C500 VS has enough power and torque to navigate through rough terrain. Yet the independent suspension of the C500 VS provides a smooth ride. Users can maneuver in tight spaces with a 26" turning radius, perfect for making your way through a crowd. Plus, the seating system allows you to stand upright from any position as well as to drive while standing—an ideal feature when leading the latest rally for your rights.
